

— CAREGIVER CIRCLE —

The Charlotte TEACCH Caregiver Circle is a monthly support group for parents and caregivers of children and adults with Autism Spectrum Disorders who are TEACCH clients. The Caregiver Circle meetings include opportunities to connect with other families of children and adults with ASD, learn about community resources and supports, and to discuss strengths, challenges, and ideas with the support of an Autism Specialist. Registration is required and we are regretfully unable to provide childcare.

**Caregiver Circle Meetings are offered on the second
Friday of each month from 10:30am - 12:00pm**

For more information or to register, please contact Dorothy McNee, Autism Specialist
704-563-4103 or TEACCH_Charlotte@med.unc.edu
