

TEACCH Visitors' Request Form

TEACCH hosts visitors from programs within North Carolina, nationally, and internationally. Visit schedules are individualized to meet the interests and goals of the visitors. The visit is considered an observational learning experience and is not training. This program is best suited to groups of five or more. Advance notice of 6 months is required for an organized program of observations. We highly recommend that individuals or small groups request to schedule a visit in conjunction with attending a TEACCH workshop or training to enhance the learning experience. This TEACCH Visitors' Request Form must be completed prior to arranging a visit.

Please note that we typically charge a fee of \$220/day per person for extended visits to TEACCH. These fees allow us to offset our administrative costs for reassigning our therapy staff from the clinic to provide these individualized instructional opportunities.

Date:

Agency:

Contact Person:

Address:

Phone Number:

Email:

What is the reason for the request?

What are the goals for the visit?

Who is the group that is visiting TEACCH? What are their professions and job responsibilities?

Please check all that apply:

Ages of individuals with ASD that you serve:	Setting
Children Birth to 3	Clinic
Preschool 3-5	School
School Aged 5 – 13	Vocational
Adolescents 13 – 18	Residential
Adults 18 and over	

Skills Levels
Classic Individuals with ASD - <i>Intellectual Deficits plus ASD</i>
High Functioning Individuals with ASD

How many participants do you anticipate needing to be accommodated for the visit?

What experience, if any, has your agency had with TEACCH?

What time frame do you have in mind for the visit, length of visit and potential dates? Are you flexible with these dates?

What is the source of your funding and how certain is it?

Please mark off the areas that are of interest to you/your group. Please note that these options are not always available but TEACCH will try to accommodate your requests.
